- MUST document time in the patient's medical record. - Documentation MUST support in sufficient detail the nature of the counseling • Code selection based on total time of the face-to-face encounter (floor time), the medical record MUST be documented in sufficient detail to justify the code selection.

CPT CODE 99214 - CGS Medicare

For this type of encounter only two out of three key components must satisfy the documentation requirements for any particular level of care. In our 99214 clinical example, the History and Medical Decision-Making make the grade, while the Physical Exam falls well short, but that's okay because we don't need all three key components to qualify for this level of care.
