Autodesk FeatureCAM, created by Delcam, is a suite of CAD/CAM software which joins bleeding edge innovation easily of utilization. Autodesk FeatureCAM robotizes machining and limits programming times for parts on plants, machines and wire EDM.

Download Autodesk Delcam software

This course will examine the fundamentals of a basic 3-axis setup using Delcam PowerMILL. We will start by learning how to set up a part within stock, and then we will use area clearance toolpaths to rough the part. We will then discuss various finishing strategies, moving from a semi-finish to a true finish, and we will follow up with detailing toolpaths, such as auto cornering and pencil cuts.
