It is the perfect complement to the new 14-module, 7th grade, 3rd edition of Exploring Creation with General Science. It also prepares students for the 16-module high school science courses that they will be introduced to in the 9th grade. With plenty of formal experiments to help students learn difficult concepts, students will always be engaged.

Exploring Creation with Physical Science Textbook (3rd ...

The third edition of Exploring Creation With Biology. The company that initially published my science textbooks has been slowly coming out with new editions, which is necessary. Science constantly changes, which means the textbooks must change as well.

My Review of Exploring Creation With Biology, 3rd Edition ...

For Exploring Creation with Physical Science, 3rd Edition, the softcover student text sells for the same price as a hardcover student text. That simply makes no sense. Of course, the real problem with the course isn't the makeup of the book; it's the content. For example, the book contradicts itself when it comes to temperature.

My Review of Exploring Creation With Physical Science, 3rd ...

For those of you that have used the 2nd edition, I will do a comparison for each book. Textbook. First of all, the book is about 70 pages shorter than the 2nd edition. I personally love this. I'm not a big fan of fluff in textbooks. Apologia intends for this book to be the first "serious" science book that children do.

Apologia General Science - NEW 3rd Edition Comparison and ...

Apologia Basic Set – General Science 3rd Edition. \$119.95 \$107.20.
