Student's Solutions Manual for Introduction to Probability ...

Solution to Problem 1.8. Let p be the probability of winning against the opponent played in the i th turn. Then, you will win the tournament if you win against the 2nd player (probability p^2) and also you win against at least one of the two other players [probability $p^2 + (1 - p)^2 p^3 = p^2 + p^3 - p^4$]. Thus, the probability of winning the ...

His two-volume textbook on probability theory and its applications was called "the most successful treatise on probability ever written" by Gian-Carlo Rota. By stimulating his colleagues and students in Sweden and then in the United States, Feller helped establish research groups studying the analytic theory of probability.
