Genie Service Manuals

Replace the bulb(s) with a service light bulb (follow guidelines in your owner's manual for maximum wattage), and close the lens cover. On other Genie® models, you will need a Phillips screwdriver. Remove the two screws (at the top) that attach the lens cover to the front panel. The lens cover will drop down like a hinge, while you change the bulb.

Genie Overview Genie goes back a long ways. Their series and model numbering is confusing. Probably because over the decades things change. I know there are quite a few missing manuals. I'd guess only 50% are covered here. So please, if you have a manual not included here please contact me. I would love to make this list as complete as possible.
