Sixth Grade Science is the continuation of an intermediate introduction to the life, earth, and physical sciences. The most important part of teaching science is helping the student see the wonders of God's world, and making him unafraid of the subject when he pursues in-depth science in later years.

Science is exciting and fun, but it can also be dangerous. So, don't take any chances! Always follow your teacher's instructions, and don't take shortcuts—even when you think there is no danger in doing so. Before starting an experiment, get your teacher's permission, and read the lab procedures carefully. Pay particular attention to ...
