They were made from
1970 to the very late

drill but the JD is nice
in that you can see the
flutes turn from the

Farmall M & International 510 Grain Drill Planting Corn

I am considering an IH
5100 grain drill. Totally
new to grain drills. It is

suppose to be 8 foot wide with 7 1/2 spacing. In very good condition for just over a \$1,000. Want to use it for wheat, oats, soybeans and peanuts. Understand no grain drill works with corn. Have been using planters and broadcast depending on crop. All thoughts appreciated.
