What's Inside the Helmet? | Motorcyclist

If a helmet has been sitting on the shelf for two or three years, it doesn't necessarily reduce the life of the helmet by that much. The "life" of a helmet has more to do with how often you wear it, how you treat it and how much you sweat in it, or wear hair product. But sitting on the shelf still robs you of some helmet life.

Beware the shelf life of your motorcycle helmet ...

A: According to Shoei, its helmets should be replaced five years after the purchase date, or seven years after the production date. The production date is on a sticker inside the helmet under the...

At some point the woman who had told her husband, Andrew Cervený that she was 'staying' with 'girlfriends' passed out when the two men sought to take her downstairs, perhaps to get her to get a cab. What happened next has yet to be fully understood. The 38 year old woman's body would be discovered sprawled across the entrance of a five-story apartment building in Chelsea at 8.30am on ...
