When Apple launched Swift in 2014, the iOS ecosystem became more accessible than it had ever been for developers. Being able to write apps with Swift's beautiful, readable, and straightforward syntax instead of having to write clunky Objective-C code suddenly enabled a lot of people to play around with iOS development.

That was evident when Joe Judge was asked on a Zoom call today where he is looking for improvement this season in his second-year quarterback. The Giants' coach didn't say anything about victories or scoring points or mention statistics like completion percentage or passer rating. Instead, he stuck to the mastering of the basics of the position.
