Remnant Population is a 1996 science fiction novel by American writer Elizabeth Moon. The story revolves around an old woman who decides to remain behind on a colony world after the company who sent her there pulls out. It was nominated for the Hugo Award for Best Novel in 1997.

## **Remnant Population - Wikipedia**

Remnant Population by Elizabeth Moon is an unusual book in quite a few ways. To start with, the protagonist, Ofelia, is over 70 years old, and a grandmother. She's not as spry as she was, and not taken seriously by her family or community. Just a "crazy old lady".
