I have a set of Telstra 8950 cordless handsets - the main point has an answering machine, and the other handsets have a battery charging base which cradles the handset when not in use. Following a recent storm, one of the handset bases was destroyed, and our home phone network is compromised without the third handset.

Yes you are correct, Telstra phones are just Vtech handsets  
rebranded. Where I work all the Telstra handsets went on  
clearance and were replaced with a new Vtech range of cordless  
phones. Ash-Say on 18/06/2015 - 04:36
